

Thank you for helping ensure our logo mark is legible. Questions? Email our Marketing Team: equist@chicagosinfonietta.org

We kindly ask to please:

Avoid using the mark as a background

Do not add additional elements

The orange logo should not be used against a completely black background

Do not stretch or crowd the mark

Avoid layering logo on top of busy background or those with similar colors; If needed, you can mask the the image to provide contrast, being mindful of the color of the logo

Ensure mark does not go below 50% transparency

Ensure adequate "white space" around the logo to allow it to breathe.
